

CLUB AND ORGANIZATION GUIDE TO OPERATIONS BY LEVEL APPROVED NOVEMBER 18, 2020

PURPOSE

SAI will follow California University of Pennsylvania's Guide To Operations and change operations according to Levels. When the University changes a Level, SAI will change to the same Level of operation.

ASSUMPTIONS AND LEVELS

Level 1: SAI recognized organizations function as they did prior to the pandemic and follow all CDC guidelines.

Level 2: SAI recognized organizations may operate according to CDC guidelines, with the recommendation of virtual meetings continuing when possible. All programming must adhere to CDC guidelines.

Sports clubs are permitted to practice and participate in competition **only** in Pennsylvania.

Level 3: All SAI recognized organizations must operate 100% remote. SAB and SGA are permitted to do virtual programming according to CDC guidelines on-campus and at Vulcan Village.

Level 4: All SAI recognized organizations must operate 100% remote. SAB and SGA are permitted to do virtual programming at Vulcan Village according to CDC guidelines.

This is a "living document" that will be updated and amended in response to changing conditions.

Requests for exceptions to Level 2 and Level 3 operations may be reviewed by the SAI Board of Directors with guidance from the University and SAI's attorney. All requests should be sent to the CFO of SAI for action.
